This work will try to focus on the work and activities of Turkish traditional media in the three countries of our region, Kosovo, Albania and Macedonia. These media combine two aspects of communication media: communications from and to Turkish communities in these countries as well as Turkey's communication to these countries. In this work will be treated local Turkish Media like television, radio, newspapers, magazines and websites which have a private character. Also it will be treated two Public Turkish media, "TRT" and "Anadolu Ajansı", which broadcasts / publishes currently in Albanian language from Ankara, Tirana and Pristina. The purpose of this work is to provide an overview of how the minority media works in Albanian area and public media of another country (in this case Turkey) in Albanian language in the Albanian speaking region. What is the message the media and how it is structured in two models?
